

Software International Chairman and Chief Technology Officer Interviewed by CEOcast.Com

Thursday June 17, 8:00 am ET

SOMERSET, NJ--(MARKET WIRE)--Jun 17, 2004 -- Software International, Inc. (Other OTC:[SWII.PK](#) - [News](#)), an innovative provider of application development services and information technology (IT) consulting, today announced that its chairman, Suneel Sawant, and chief technology officer, Ninad Panse, appeared in a live interview on CEOcast on Tuesday, June 15, 2004. The interview can be accessed on the CEOcast website at www.ceocast.com.

Mr. Sawant and Mr. Panse provided a brief overview of the company, its strategy, fundraising efforts and financial status, and went on to discuss its range of consulting and application development services, including its web-based trading software and equity research solution for the financial services market. Additionally, Mr. Sawant also provided insights into Software International's business development efforts and its aggressive growth plan and acquisition strategy.

About CEOcast

CEOcast is the premier source of original and syndicated streaming broadcast interviews of Chief Executive Officers at public and private news-making companies. Organized by industry, its analysts average over 15 years experience covering and evaluating Wall Street's leading companies. CEOcast's programming is distributed to millions of online investors at over 700 financial web sites, as well as to more than 20,000 portfolio managers, buy-side analysts and traders at more than 3,300 North American institutions. Content is also disseminated to over 7,000 investment research professionals representing over 425 institutions. For more information, visit www.ceocast.com.

About Software International, Inc.

Founded in 1997, Software International, Inc. provides IT consulting and application development services (ADS) to Fortune 1000 companies in the financial, brokerage, manufacturing, pharmaceutical, legal and insurance industries. This full range of on site, off site and offshore services, core products in financial equity research and legal case management, with separate practices in staffing, outsourcing, resolution and advanced technology services, also serves as a hosting ground to alliances and consortium groups seeking assistance, guidance and advice in the development and deployment of IT services and solutions.
